Connect! Grant

How to apply and other helpful tips

Connect! Grants are our classroom grants program. Connect! Grants support projects that fill educational gaps, promote health and wellness, and reach a wide range of students. Connect! Grants are community driven (meaning they respond to community needs), community funded (meaning they are funded entirely by donations), and community evaluated (meaning funded projects are chosen by a committee of community members).

Connect! Grants are evaluated three times per year, at the end of the first three school quarters (November 1, 2024, January 24, 2025, and April 4, 2025). These grant funds are reimbursable upon receipt of a final report.

Primary NYEF point person for this year's Connect! Grants is Laura Chastain admin@gardinernyef.org

To apply for a 2024-2025 Connect! Grant **you must fill out the online Google Form which can be found [here](#)**. NYEF is a small organization doing big things and by applying online through the Google Form we can streamline our application process which makes it easier to share/review applications with our selection committee, board, and supporters. Upon completion of your form submission, you will receive an email with a copy of your responses. If you do not receive this email, your form was not fully submitted.

To help you prepare for your **online application**, the following are the questions we will be asking. We recommend completing these questions in a document on your computer and then cutting and pasting into the form. Upon successful completion of the form you will get an email with your response. If you do not get an email, your form was not fully completed and will not be evaluated.

Basic Questions

- 1) Project Title
- 2) Name of your Organization
- 3) Name of Project Contact person
- 4) Email of Project Contact person
